Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	We understand that this application has been recommended by the council tree officer due to disease in the tree and the danger this may pose if not felled. However, we would like to make it clear that had this not been the case we would have opposed the application due to the TPO and our concern that a precedent will be set for other neighbours who would like to remove the trees from their respective gardens and even the bridleway on Chapmans Lane which has been raised numerous times over the last decade.

Kind regards
