Reasons for comment:	
Comments:	I know there's been a lot of talk about really big housing developments in the area that could end up making villages feel all pushed together. Compared to that, this one feels much more in keeping with the countryside around here. It's not trying to create a huge new estate somewhere out of the blue - it's just adding a few homes next to where there's already housing. That kind of thing feels a lot more like the way villages normally grow.

Kind regards
