Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	A friend mentioned this application to me and I just wanted to say I think it's really great news. I'm in my 20s and currently live on the edge of Haywards Heath towards Scaynes Hill, and I've worked in Ansty for nearly eight years now at the Moonhill Farm industrial estate. I've always liked the area and it would honestly be great to live a bit closer to work rather than commuting every day. It's nice to see smaller developments like this as they actually give people like me the chance to maybe live closer to where we work.

From what I've seen the layout looks really nice as well. I've also spoken to a couple of colleagues at work and they feel the same - one of them currently travels from Lewes and still lives with his parents, and he's said he would definitely look at somewhere like this if the chance came up.

Overall I think it's a really positive thing and it's good to see opportunities for people who already work locally to potentially live closer by.

Kind regards
