Reasons for comment:	
Comments:	I welcome the reduction of the crown which has always been completed regularly and diligently. However, the tree outgrows the imposed 1-2 m pruning limit within the recommended two year time frame. In 2017, the outer branches barely reached the middle of my garden, but they have now grown as far as the fence I share with my neighbour on the other side of the property. I therefore ask that the pruning limit be extended and for the branches to be cut back to their length of 2017 when the outer tips reached only as far as the middle of my garden in I welcome the reduction of the crown which has always been completed regularly and diligently.
