Dear Sir / Madam,

67 SAVILL ROAD, LINDFIELD

I attach copies of the following documentation on behalf of my client, Mr Gregg, in support of an Householder Planning application for a single storey rear extension, garage conversion and a change of first floor wall materials from brick/tile hanging to cladding: -

1. Application form
2. Drawing numbers 141-01, 02 & 03 showing the existing floor plans with elevations and 141-04A, 05A, 06A, 07A & 08 showing proposed floor plans with elevations, block plan, site plan & location plan

Please contact my client to arrange payment of your fee (£528).

Following advice from Tracie Axford regarding the materials of the new extension not matching the existing materials we withdrew our application for a Lawful Development Certificate (DM/25/0794). We understand the other aspects of the proposed design were acceptable so we have not amended anything. We have added the garage conversion and also wish to get approval to replace the tile hanging on the first floor front elevation with cladding and wish to add cladding to the first floor rear elevation to match the new extension.

I trust there is sufficient information to process the application but if you have any queries please contact me as soon as possible.

Yours sincerely

Simon Fitzpatrick
