Reasons for comment:	
Comments:	I am very much against this proposal. I just do not see the point of it. Why not leave it be. This is an area of ANOB with public footpaths which many local residents know and love. I myself walk on it virtually every day. I always meet many local folk and we love it. We chose to live in this beautiful area for a reason and this is one of them, do not let them destroy it. It has a charm beyond money and should be left alone. As for the re-wilding project, it just does not make any sense.

I think the expression is 'don't mess with success' its great as it is.

Kind regards
