Customer Details

Address: 78 Savill Road Lindfield

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this proposed development due to its impact on valuable greenfield land that is currently enjoyed by local residents for walking, dog walking, recreation, and wellbeing. These open green spaces provide important opportunities for exercise, mental health, and connection with nature, while also supporting local wildlife and helping to conserve the rural character of the area. The loss of this land would result in a significant reduction in accessible countryside and green space for the community. Furthermore, additional housing development

would place increased pressure on already stretched public services and infrastructure, including roads, healthcare facilities, schools, and other local amenities. The proposal would contribute to the gradual erosion of the area's rural identity and setting, replacing an important natural asset with urban development that cannot be reversed once built upon.

Kind regards
