Reasons for comment:	
Comments:	This is one of the only green spaces left in haywards heath, slowly but surely every single one is being destroyed. There is endless amounts of wildlife and habitat here that deserves to be protected. The bottom field is under water for half of the year. There is absolutely zero infrastructure available to these new properties not to mention the other 100+ proposed just a few fields over. I cannot get my unborn child into my first choice nursery... and thats a paid service. College road/mill green road regularly flood and nothing is done. The area is surrounded by historic buildings

which will all be compromised. I have lost all faith in this council when this land isnt protected yet we can get a drop curb on a plenty big enough drive to 'protect' a man made path.

Kind regards
