Reasons for comment:	
Comments:	I am writing in support of the proposed development of padel courts in the local area. As a keen and regular padel player there are not enough facilities to fulfill the demand. New and accessible sporting facilities locally will provide a fantastic opportunity for all ages. I know many people who want to play but they can't get on court locally.

Importantly, this proposal would make good use of existing land and strengthen the community's sports infrastructure. It would help meet growing local demand for accessible and affordable recreation, in line with wider council goals to promote healthy lifestyles and community engagement.

For these reasons, I strongly support the application and believe that the padel courts will be a valuable addition to the area.

Kind regards
