Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I think this should be supported because: It promotes health and fitness in a fun and accessible way. It promotes regular exercise in a social setting. It engages all people of all ages being easy to learn and suitable for young and more mature players, families and mixed age groups. It's building a community, a welcome space for people to meet,

play and connect. It helps to encourage positive healthy lifestyle choices.

Kind regards
