Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The village has undergone severe disruption over the last three years from the building works at Copthorne West and despite assurances that construction traffic would not impact the village. The roads have been severely affected. The location is on a bus route that ferries children to the local schools, I believe further Disruption will impact the village and its infrastructure even

further, ultimately impacting on local residence and local businesses

Kind regards
