Subject: DM/26/1520 Grove Farm, Cansiron Lane, Ashurst Wood

Dear Caroline,

I have reviewed the Arboricultural Method Statement (AMS), for this proposal.

I note that the loss of native hedgerow is regrettable, the hedge is classes as category C and therefore, not a constraint to development. The replacement hedgerow is outside the border of our district, but I would like to suggest that this hedge should be native, particularly as it borders countryside.

As for the tree protection measures for the trees within out district boundary, discussed in the AMS, these are suitable and sufficient and should ensure that trees are fully protected.

I have no objection. Please condition adherence to the AMS.

Kind regards

Emma
