Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	We should like to comment regarding the north east facing side of the proposed two storey extension, particularly with regard to the southern end where the wall is very tight and abuts the boundary. We should like it confirmed that there will be no breach to the boundary from footings, drainage, pipework or guttering.

We should also like it confirmed that there will be sufficient access (for someone to access the gap) for both us and the residents of no. 43 to be able to maintain both the walls to our garage, the wall of the extension, and also the ground (to remove weeds etc.).

Kind regards
