Re: Application No. DM/26/1132 – Proposed Tractor Parking Area, Donkey Enclosure, Donkey Stable, Three Shepherd Huts and a Wildlife Pond, Land Parcel North of Nos. 42–54 Hurst Road, Hassocks

Dear Ms Tidey,

We are writing in relation to the above planning application.

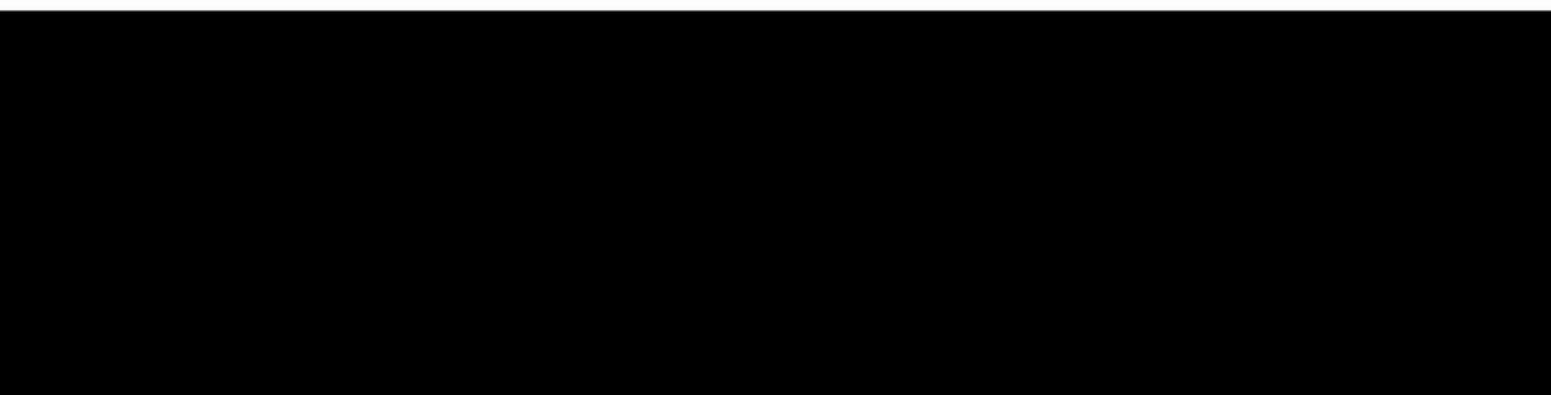

We have read the letters of objection submitted by the residents of **Belmont** and **Clayton Wickham Farmhouse** and wish to confirm that we fully concur with the points and concerns raised in those submissions.

Having considered the application and the matters set out in those objections, we believe they accurately reflect our own views and concerns. In particular, we share the concerns regarding the impact of the proposed development on the countryside setting, the character of the local area, and the potential implications for the gap between Hassocks and Hurstpierpoint.

We therefore respectfully ask that the comments and objections submitted by Belmont and Clayton Wickham Farmhouse are given full consideration when determining this application.

Please record this letter as our formal representation in support of the objections already submitted.

Yours sincerely,

East Lodge
