Hophurst Lane Crawley Down West Sussex

Dear Katherine,

Thank you for consulting the Flood Risk and Drainage Team on the above application. We have reviewed the submitted information in support of this application and have the following comments:

The submitted information is currently insufficient and doesn't meet the minimum requirements as set out in the MSDC Flood Risk and Drainage Information Check List.

The applicant should refer to the MSDC Flood Risk and Drainage Information Check List (Application Stage) and the Strategic Flood Risk Assessment Map - <https://www.midsussex.gov.uk/planning-building/flood-risk-and-drainage-for-planning/>

Given the scale of the proposed development, further information is required at this stage of planning

Once the required information has been received, we will be able to comment further.

Receipt of the requested additional information does not mean further information will not be requested, nor does it guarantee that the Flood Risk and Drainage Team will not object to the development. Neither does it prevent the team from recommending a flood risk or drainage condition.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
