| Comments:            | Dear Tracie,<br>We are really sorry to make an objection to this planning application.<br>We live next door and if a gable end is constructed on the north aspect of Brackenwood this will place my solar panels in shade and therefore dramatically reducing their output.<br>I have spoken several times to Mr Wheeler and emailed him to work out a solution but he refuses to work with me towards a resolution. |

I have no other objections to any other aspects of the current application.
