Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to aspects of the aforementioned project on the following grounds: 1. The window on the first floor (North East side elevation) will look directly into our living room skylights so will invade our privacy. The submitted site plan shows hedging in the garden of 23 Sergison Road. This is inaccurate. There is only a narrow footpath

between the house at 23 Sergison Road and its boundary with 21 Sergison Road.

2. There is a very large tree (approx. 20m high) with a Tree Preservation Order on the border of the property at 21 Sergison Road and 23 Sergison Road. We have been informed that the roots spread out just below ground level to around 20 metres. There is therefore a real risk that the proposed work will adversely affect the roots of the tree, causing it to become unstable and leading to a potential safety issue.

If the work were to go ahead as proposed the tree will need removing to ensure it does not fall on one of the properties, the sidewalk or roadway.

Kind regards
