Lighting Statement

This statement is to accompany the advertisement and listed building applications for the above site.

The proposal is to replace the existing signs and lighting due to age and condition.

Item 01 - Pictorial projecting sign would have slimline trough lights with the same candelas as the existing resulting in no increase in luminance

Item 02 - House name letters would have a replacement trough light with the same candelas as the existing

Item 06 - Two small lanterns to main entrance to give low level illumination for the safety of customers entering and leaving the building

Item 08 - Two slim floodlights fitted with shrouds to prevent light spillage would replace the existing trough light

All lighting is LED with warm white illumination and would be switched off outside opening hours

Ashleigh Signs

Beckbridge Road
