Hi Rachel,

Thank you for your email - I can confirm there have been no changes to the drawings since Nicholas sent over the most recent schedule of revisions to yourself.

The last revisions would have been relating to the matter of the landscaping I believe.

Thank you.

Kind regards,

Francesca Winslow

Hi Francesca,

Thank you for your email.

As advised last week I am currently working on your applications.

You very recently sent me a schedule of revisions (drawings) so that I can cross reference with the decisions once I have drafted the report/letter. Please can you confirm if there have been any further changes since you sent this to me, and update and return if this is the case.

I want to ensure I have all the changes we have agreed to, during the course of the applications.

I look forward to hearing from you at your earliest convenience.

Kind regards,

Rachel.

Hi Rachel,

I hope you are well.

We have this morning received an email from our bank advising that, due to the delays in resolving this matter and the fact we have been unable to start works in line with the original date we provided for discharge, they may have to reconsider our existing build facility. This is a critical concern, the extended timeline is now directly impacting the viability of the project and our ability to deliver on committed timescales.

As you will appreciate, prolonged uncertainty creates significant financial risk for us and our partners. We have contractors, suppliers, and a programme in place that cannot proceed until this is resolved.

We therefore urge that this matter is brought to a conclusion as a priority so that the discharge of conditions can be finalised without further delay. We are ready to action any final requirements immediately and will provide whatever additional information or clarification is needed without hesitation.

We trust you understand the urgency and seriousness of this situation, and we would be grateful for your confirmation of when we can expect the final sign-off so that we can feedback to our lender.

Thank you for your continued cooperation Rachel.

Kind regards,

Francesca Winslow

Hi Rachel

I hope you are well.

As you mentioned we might hear from you late last week or early this week, I just wanted to check in to see if there's any final feedback on the drainage matter. We're hopeful things are moving towards a positive conclusion so we can get the discharge of conditions application wrapped up.

Thanks very much for your time and support on this.

Kind regards,

Hi Rachel,

Thank you for your update – much appreciated.

I look forward to hearing from you towards the end of this week or early next week, once you've had a chance to review the applications. Please let me know if you need anything further from me in the meantime.

Kind regards,

Hi Rachel,

I hope you are well.

I just wanted to follow up and ask if you have heard anything back from the drainage team regarding our application. They mentioned in their email on Wednesday 30th July last week that they would be in touch with you after speaking with the Engineer, so I wanted to check if there has been any update since then.

Thank you for your help as always.

Kind regards,

<image001.jpg>

Good morning Francesca,

There is a statutory lead time of 10 days from receipt of new information.

I will put a call into the Engineer later today to assess a response time for you and will do our best to achieve a quicker response.

Do allow me the opportunity to address and I will advise once I have spoken with the Engineer. If I could ask that you revert your email communication back to Rachel Richardson that would be appreciated.

Many thanks,

Best Wishes
Emma

Hi Emma,

I hope you're well and thank you again for confirming receipt of the Southern Water approval and S106 letters.

If the drainage consultants are able to review the email today, it would be hugely appreciated, as this would allow us to progress and bring the discharge application to a close.

Please don't hesitate to let me know if there's anything further you need from our side.

Thank you.

Kind regards,

Hi Emma,

I hope you are doing well.

Rachel has advised me that you required written approval from Southern Water as the final step prior to discharge.

I attach below written approval from SW as well as the S106 approval letters.

Do let us know if you require anything further.

Thank you.

Kind regards,

Hi Rachel,

Thank you for your email.

Southern Water has received two applications for the site, one for foul and surface waste capacity. As you can see, we have advised capacity in our network for this proposed flow rate. Also, we have approved their means and mode for the sewer connection; a final inspection has yet to be finalised; however, this should be fine, permitting that they stick to their plans.

I trust this allows for any conditions associated with this site to be discharged.

Kind Regards

Shae

Dear Francesca,

Please provide written confirmation from Southern Water that they are satisfied with the drainage information submitted in order to discharge the appropriate condition. I can then forward this to the MSDC drainage engineers and they can subsequently confirm they have no objections to the condition then being discharged.

Kind regards,

Rachel.

Hi Rachel and Joanne,

I've now consulted both Southern Water and our drainage consultant directly, and they are in agreement that the documents I provided yesterday should be sufficient as confirmation from Southern Water in support of the discharge.

As you'll see below, Nick has also provided an additional email address where the drainage team can direct any further consultation. However, if something more is required - other than the formal sign-off of the S106 which we have provided - we'd really appreciate it if you could confirm so we can follow this up and ensure it's submitted without delay.

Either way, some clarity on the outstanding matters currently being reviewed by the drainage team would be very helpful.

Many thanks again for your support.

Kind regards,

Francesca Winslow

Dear Francesca,

All well here thank you, I trust all is well with yourself?

I'm not entirely sure what is required on this site in terms of Discharging conditions, are you able to provide more details on which conditions need to be discharged please?

I can see that the S106 applied for by Ryan was given technical approval back in March and all we're waiting on from him is to book a site inspection with our Assistant Adoption Manager, Malcolm Penny – 07922860784. Ryan will need to contact Malcolm to book a site inspection for that connection and receive formal sign off once the inspection is complete and all is confirmed complete as per approved drawing.

Anything else, especially around conditions imposed on planning are usually handled by our planning team here at SWS.

You could speak with Shae Rowe in that team: shae.rowe@southernwater.co.uk / southernwaterplanning@southernwater.co.uk

Kind Regards

Neil Packham

Dear Neil,

I hope you're well.

I'm getting in touch as the developer for 1–3 Barclay Court, Market Place,
Haywards Heath, RH16 1DB.

Your details were kindly passed on by Ryan Harborne at BPS, who has been in touch with us regarding the project.

We understand that Mid Sussex District Council have been trying to contact Southern Water in relation to the discharge of planning conditions. It's possible that the delay may now be on their side, but unfortunately this is beginning to cause significant knock-on effects to our programme.

We'd be incredibly grateful if you were able to reach out directly to Emma Jackson, the officer coordinating this from the council. Her email is:

✉ emma.jackson@midsussex.gov.uk

Any support you can offer to help move this along would be sincerely appreciated, it would really help us keep the project on track.

Kind regards,

<image001.jpg>
