Hi Katherine,

I hope you are well.

Please find attached an updated CEMP, with the Biodiversity Enhancement Plan updated in the Appendix to include the requested information:

1. **Ecological Risk Assessment**– included in Table 6.1.
2. **Biodiversity Protection Zones / Roost features** – added to the Biodiversity Enhancement Layout (Appendix A.3).
3. **INNS Removal Methods** – Section 6.2.3.1 updated to reflect that INNS are outside of the application boundary.
4. **Bird and Bat boxes** - Table added to the Biodiversity Enhancement Layout (Appendix A.3) drawing that details suggested height/orientation and give specifications for boxes. The final decision will be taken by the ECOW on site.

Many thanks,

Sophie
