TO WHOM IT MAY CONCERN

We are adjacent neighbours to 16a, [REDACTED] We have voiced our concerns repeatedly over living next door to a holiday let, the coming and goings of strangers is unsettling in such close proximity. The owners have been sympathetic to these concerns and we enthusiastically support their application for change of use to residential as a permanent solution.

A long-term neighbour would be welcomed into our little community and we generally consider providing a permanent home in our village meets a greater demand.

Yours faithfully

[REDACTED]
