Subject: Planning application # DM/25/2379

[REDACTED]

3 Heath View Cottages
RH10 3LF

I received the revised planning letter and would like to draw your attention to the errors on the location stated . The land is NOT at 3 Heath View Cottages but is adjacent to my property.
The land on the land registry map shows it the rear of 3 and 1 Heath View and Four House.
The land is named Green World though there may be changes made with Four House land borders.
I do want to make comments but until the location is corrected it is not possible.
In addition though this may at this stage not be important but think the application should include the making of a road to the property, just a thought ?

Kind Regards
