Group of Trees/Hedge  
Colours same as BS5837 2012 categories for trees (above)

The above BS categories are judgements of quality and value based on the contribution each tree would be expected to make over a given period of time, categories A, B and C being high, moderate and low respectively. Category U represents trees that, in their current context, should be removed for sound arboricultural reasons. For exact definition of BS categories refer to notes accompanying schedule.
