Comments Details

Comments:	The Town Council acknowledges comments by neighbouring properties and strongly objects to this application. The front wall is overbearing in nature and completely out of character for the small open plan close. The Town Council acknowledges the use of permeable gravel in the driveway, however due to the sloping of the road, it has concerns about potential flooding caused by the solid front wall. Additionally, the Town Council requests that Mid Sussex District Council investigates the covenant highlighted by neighbours which may prohibit a wall and gate being constructed at this property.
