

13th March 2025

Joanne Fisher
Mid Sussex District Council
Oaklands Road
Haywards Heath
RH16 1SS

By email only

Thank you for requesting advice on this application from Place Services' ecological advice service. This service provides advice to planning officers to inform Mid Sussex District Council planning decisions with regard to potential ecological impacts from development. Any additional information, queries or comments on this advice that the applicant or other interested parties may have, must be directed to the Planning Officer who will seek further advice from us where appropriate and necessary.

Application: DM/24/2970
Location: Capital Hair And Beauty Unit A Consort Way Burgess Hill West Sussex RH15 9TJ
Proposal: Construction of new commercial building within classes E(g), B2 and B8.

Dear Joanne

Thank you for re-consulting Place Services on the above application.

Holding Objection pending further information	
No ecological objections	
Recommended Approval subject to attached conditions	Yes
Recommended Discharge of condition	

Summary

We have reviewed the additional documents submitted for this application and do not consider there will be any further impacts on ecology.

We have no comments in addition to our response dated 13th January 2025 and are still satisfied that there is sufficient ecological information available for determination. This provides certainty for the LPA of the likely impacts on designated sites, protected and Priority species & habitats and, with appropriate mitigation measures secured, the development can be made acceptable.

As previously advised, submission for approval and implementation of the details below should be a condition of any planning consent:

Recommended conditions

1. PRIOR TO ANY WORKS ABOVE SLAB LEVEL: BIODIVERSITY ENHANCEMENT STRATEGY

"Prior to any works above slab level, a Biodiversity Enhancement Strategy for protected and Priority or threatened species, prepared by a suitably qualified ecologist, shall be submitted to and approved in writing by the local planning authority.

The content of the Biodiversity Enhancement Strategy shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;*
- b) detailed designs or product descriptions to achieve stated objectives;*
- c) locations of proposed enhancement measures by appropriate maps and plans (where relevant);*
- d) persons responsible for implementing the enhancement measures; and*
- e) details of initial aftercare and long-term maintenance (where relevant).*

The works shall be implemented in accordance with the approved details shall be retained in that manner thereafter."

Reason: To enhance protected, Priority and threatened species and allow the LPA to discharge its duties under paragraph 187d of NPPF 2024 and s40 of the NERC Act 2006 (as amended).

Please contact us with any queries.

Yours sincerely

Genevieve Broad MCIEEM MSc BSc (Hons)
