Reasons for comment:	
Comments:	I confirm my support of this application. It has been run by the present owner since 2007. In this time they have been a vital member of our community, especially helping the elderly and disabled (many of whom struggle to access the shop due to the lack of floor area). It is my opinion after looking at the plans and visiting the site that

this project would have very little if any negative impact on the immediate neighbours.

I also do not believe it will increase traffic or parking requirements in the village.

They offer a vital service to the community but I would imagine need more space to make it commercially viable.

Kind regards
