

WESTERN CARS LTD

Safe - Friendly - Reliable

Dear Mid Sussex Planning,

I am writing to you in regard to Saint Hill Manor's East Grinstead plans to get permission to be able to expand their parking area and establish an annual marquee as well as other facilities. Western Cars would like to showcase their support for this decision, and we hope that you grant their request.

This would be beneficial for us to bring jobs to all our drivers so they can thrive and make money for themselves. Additionally, it would generate popularity in East Grinstead and surrounding areas as Saint Hill's events attract international clientele who use our taxi companies as well as all the local hotels and restaurants. Their last event generated substantial income for all the local businesses. If their plans are rejected then the event will not take place in the UK, meaning we as a community would lose out.

I do hope you take this into consideration, as this would not just benefit us, but the whole community. Western Cars has worked with Saint Hill Manor for many years, and we trust that they only work for the benefit of the people.

Best Regards
