Dear Mr King

Having considered the planning applications listed above regarding land West of Turner's Hill Road, Crawley Down I would now like to offer my support for the proposals.

I am happy that the open space proposals surrounding the housing development and the planned country park will protect the key characteristics of the site and surroundings. It appears the development will be planned in a sustainable way and I am pleased to see affordable housing contained within the proposals which will benefit the local community.

I also understand that the Haven Centre and Football Club have now supported the application, and improvements to these facilities will be beneficial to the overall village.

Yours sincerely
