Subject: RE: Comments on Application DM/23/2493

Dear Mike,

Thank you for the below email. Your representations and the applicants comments on those representations have been uploaded to the planning register to be viewed by consultees and third-parties. I have not sent them directly to the LHA. If when coming to a recommendation on the application I have queries about the points you or the applicant have raised I will consult with the LHA.

I hope the above is of use.

Thank you,

Kind regards,

Hamish Evans

Subject: Comments on Application DM/23/2493

Dear Mr. Evans,

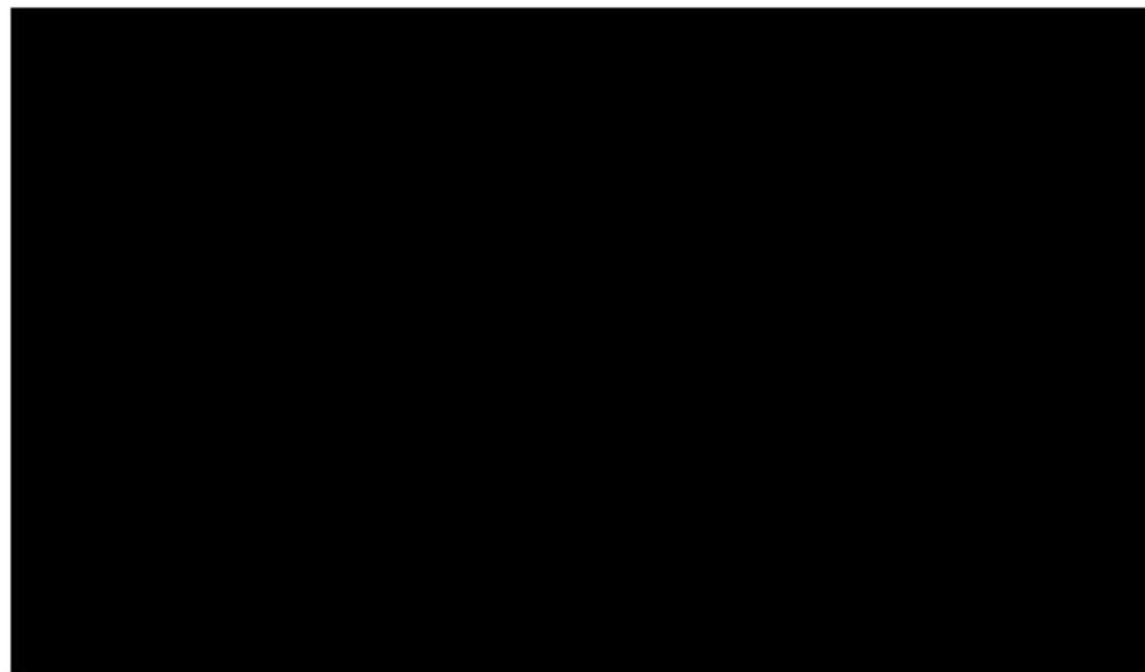

I would like to submit the following comments on planning application DM/23/2493. In particular to discuss the consultation response of WSCC Highways made by Ms. Farrell dated 26th June 2024.

I was very surprised by her conclusions and have asked her to look again particularly in the light of the prior WSCC position.

However, in her consultation response, Ms. Farrell makes no reference to any of my submissions regarding visibility splays, or to rebuttal letters from Yes Engineering, and it occurs to me that one explanation for this is that she simply did not receive them.

Unlike previous planning applications I've been involved with, there is no record on the online register of comments and rebuttals regarding Highways matters being forwarded to her. Can you reassure me that all of the relevant material was forwarded to Ms. Farrell? And if there is any doubt, can you ensure that she is in receipt of all relevant submissions in order for her to reconsider her submission?

Best Regards,
