Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The proposed new houses are very close to our property and we have concerns as follows: The removal of many trees and other greenery to accommodate the new-build means we could be overlooked and will adversely affect the view and outlook from our house and garden. The proposed areas for vehicle access and parking will result in additional noise and disturbance affecting our quiet enjoyment of

our garden.

Vehicle access from the new development into what is already a very busy main road (Wivelsfield Road) could pose additional hazards to road users and pedestrians.

Kind regards
