Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The tree is overhanging the road and the public footpath. One has to stoop down to cross the road and it makes it hard to see the fast moving traffic coming up the road. The branches are low and make it difficult to walk down the footpath especially after rain as the branches drop due to the weight of the rain. The sooner this is done the better.

Kind regards
