You don't often get email from enquiries@dmabuildingdesigns.co.uk. [Learn why this is important](#)

Morning Joanne,

I have been in touch with our client who is happy to have the water tank painted and suggests an olive green to blend with the colour of the building. They have suggested COLOUR - OLIVE GREEN RAL 100 30 20. The tank will be surrounded by an enclosure with cladding of the same colour, so the tank will not actually be visible.

Our client is waiting for a letter from their insurance company in respect of their fire suppression system, without which they would not have insurance. The water tank is a vital element of this fire suppression system. I will forward a copy of the letter from the insurance company once our client have it.

Kind regards,

Amanda Brown
