ARCHAEOLOGICAL ADVICE

RE: 68 And 70 Keymer Road, Hassocks

The application is for the discharge of planning condition number 6 relating to planning application DM/23/3114.

The submitted Written Scheme of Investigation suitably outlines the methodology and archiving requirements of the scheme of archaeological trial trenching. Accordingly, I can recommend the discharge of the first part of Condition 6, to allow the archaeological investigation to commence.

The remainder of Condition 6 should not be discharged until the completion of the programme of archaeological investigation (including any subsequent mitigation, as appropriate) and the submission and approval of a final report detailing the results of the archaeological work.
