Just thought I'd check up on this one – let me know if there is anything needed from us.

Thanks and hope you're well?

Thanks Anna

Ideally the materials would be high-quality UPVC along these lines:
[Roseview Sash Windows UK](#) | [Vertically Sliding Windows UK](#)

The dormer ones would be sliding sash (albeit quite wide) but I think the proportions of the gable ones lend themselves to side-hung casements.

Does that work for you?

Thanks

Andrew

Hi Andrew

Please can you confirm the window construction materials (...marked on the plans as 'to match existing'?).

I note that the existing windows in the house are of traditional sliding sash design.

Are the proposed windows in the new rear dormers also of a vertical sliding sash style?

Can you also confirm the opening pattern and materials for the two proposed second floor gable windows?

I look forward to hearing from you.

Thank you.

Regards

Anna

Dear Andrew

Thank you for your email.

I did visit this afternoon. I was able to see the proposed works without needing to enter the site, or disturb your client.

Anna
