Oak Trees (T1 and T2) - Reduce by 2 metres
Noel Willis**

Permission is sought for the works as described.

The trees are located within the garden, to the side/front of the property. They have high public visibility and are mature specimens.

They are now beginning to encroach on to the property and to reduce light.

Works relate to secondary growth only and will not unduly impact on the long term health or amenity value of the trees.

Permission is recommended.

Decision: Permission
