Dear Indea and Laura

Please see attached a supporting document, which the applicant has provided, following the receipt of your comments on this application (dated 10.09.2026, see below).

Please can you review this additional information and comment to me by return email? I have sent a new consultation request to NatureSpace today.

I look forward to hearing from you.

Regards

Anna

Good morning David

I was on leave at the end of last week, but in my absence the attached reply was received from the NatureSpace District Licensing Officer, at

NatureSpace Partnership. They were consulted as your property lies in a red impact risk zone for Great Crested Newts.

They have requested further supporting information for their consideration ahead of MSDC determining the application. Please see their comments in full (attached). Contact details are included in the email below, should you require further guidance on the additional information they require.

Once you have prepared the additional information please can you submit it to me by email and I will reconsult the NatureSpace District Licensing Officer, for their further comments.

I look forward to hearing from you.
