Hi Adam

This is to be located beneath the pool.

Kind regards

Jonathan Pickup MRICS

Dear Pickup

Thank you for the information supplied. Just one final matter is the location of the pump for filtering the pool water. Where will this be housed? Is it shown on any of the plans?

Kind regards

Adam Dracott

Subject: RE: DM/25/1869 - Extensions - 50 Hurst Road, Hassocks

Hi Anna

I can confirm that the proposed pool will be located at ground floor level within the rear extension, as indicated on the submitted plans. The heating for the pool and surrounding space will be provided by an electric system, with energy supplied in part by on-site solar photovoltaic panels to minimise environmental impact and reduce reliance on grid energy. Ventilation will be achieved through a combination of mechanical ventilation with heat recovery (MVHR) and natural ventilation via openable windows and/or doors, ensuring appropriate air circulation and humidity control in accordance with Building Regulations.

Just as a reminder again, this application is identical in every respect to DM/24/2504 approved on 18/03/2025. On this note, please find attached the Archaeological Investigation Report which was previously the subject of the only pre-commencement condition, which has already been discharged (DM/25/1219).

Kind regards

Dear Jonny

As you will be aware I have been allocated this planning application, as well as the new application for the tennis court.

I have been speaking to Adam Dracott, Environmental Health Officer, this morning and I shall be grateful if you can confirm details of the intended position and means of heating and ventilation for the proposed pool, shown on the submitted plans to be located on the ground floor level of the rear extension.

I look forward to hearing from you on this matter.

Regards

Anna Tidey
Planning Officer
