Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	Thank you for the opportunity to comment. This magnificent tree is an evergreen and, as well as providing both visual and environmental benefits to the area, is host to many living mammals, birds and organisms. I do not wish to prevent the applicant from chopping down the whole tree if required, however as no reason has been provided in the application, would it not be possible to simply reduce the size and canopy of the eucalyptus (T1) to more manageable proportions?

Kind regards
