Ref. DM/25/1129 - land at Foxhole Farm Bolney

Firstly my objection sent to you on the 1st June still stands but I wish to formally object once again to this planning application.

I object strongly on the grounds that the proposed development would significantly and detrimentally alter the character of the village.

As a resident I am deeply concerned that the density of the proposed development would not be in keeping with the established rural and architectural character of the area. Our village is defined by its historic buildings, green spaces and low density layout which together create a unique and cherished sense of place.

It would completely change the character of the The Street as well as increasing traffic not abiding by the speed limit which is already a concern. Cars parked on The Street helps to slow traffic down.

I urge the Council to consider the long term impact this proposal would have on the identity of our village and reject the application.
