Good afternoon Tom

I am the Case Officer for the above planning application.

I recently visited the Tesco's site to see the position of the proposal and to assess the development. I note that there is currently a Timpson's retail cabin located next to the proposed position of the proposed Greggs pod, see my photos from my visit attached.

This is not shown on the submitted Block or Floor Plans.

Please can you advise me whether that unit is to remain, and, if so, please send me updated plans to indicate its retention next to the proposed Greggs unit.

Whilst writing I also noted that the installation of the Greggs pod would require some rearrangement of the Disabled parking spaces on the store frontage. Please can you advise me of the current number of Disabled parking spaces for the store and the number that would result if the development were to proceed, ie will there be an increase, the same number or an overall loss?

I look forward to hearing back from you on the above matters at your earliest opportunity.

Thank you.

Regards
