Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This area is a space used by the community for walking and family outings. Losing this would have a detrimental effect on the local community whose mental health is enriched by the use of this area for relaxation. Secondly, with the recent water shortage in parts of Sussex is building more homes likely to exacerbate this increasing problem for existing households. I think it certainly will. Schools are also at capacity in the local area so this means additional longer car journeys with an increased carbon footprint

made by the occupants if these houses go ahead.
Save this green tranquil place. Please.

Kind regards
