Reasons for comment:

Comments: My prior objection submitted in February 2026 commented on

- 1. impact on natural beauty and landscape character
- 2. loss of habitat and biodiversity
- 3. traffic and access concerns
- 4. impact on natural resources particularly water
- 5. pressure on local services and infrastructure.

These are the reasons for which I am objecting to the planning application which has been submitted and asked that my prior concerns are carried forward as this application is considered.

Kind regards
