**Attachments:** MSDC002 - Detailed Drainage Design Checklist - v2.0 issued 071125.pdf,  
MSDC002 - Detailed Drainage Design Technical Summary - v2.0 issued 071125.pdf

Dear Katherine,

The flood risk and drainage team have reviewed the updated information and have the following comments:

The correspondence supplied is not sufficient. Correspondence from Southern Water is required to confirm the acceptability of the proposed discharge rate and location.

There remains a substantial amount of information outstanding in accordance with the MSDC Detailed Drainage Design Information Guide for the discharge of conditions stage, which must be provided. See attached Documents to support.

Following receipt of the updated information, the team will be able to provide a more formal consultation response.

Best Wishes

**Flood Risk and Drainage Team**  
**Estate Services and Building Control**  
**Mid Sussex District Council**
