I am writing to object to the proposed development at Warninglid Primary School, Slaugham Lane, Warninglid.

The proposal to convert the disused school buildings into two residential units seems to me to be entirely reasonable. However I do not agree with the proposed addition of two houses in the former school grounds. The grounds adjoin open countryside and such developments would, in my view, be intrusive and unnecessary. I also understand that they would not be in compliance with the local plan.

I note from the correspondence that the applicant has submitted a viability assessment and has asked to keep it confidential in view of their wish not to disclose the price paid for the site. This is a strange request as the Land Registry shows the purchase price of £945,000 on 28 March 2025.

If the applicant now regrets the price paid for the site that does not seem to me to justify the inclusion of two additional residential units in the countryside.

I therefore hope that you will reject this application on the basis that two additional units in the countryside is inappropriate.

Regards
