Dear Peter

Thank you for your email, and confirmation that further supporting information is awaited.

I am aware that the Decision Target Date for the application is currently 30.06.2026. As the additional drainage details have yet to be provided I will not be able to make my recommendation within this timescale. I will need to reconsult the Flood Risk & Drainage Team upon receipt of the further drainage details, and the consultation period takes 21 days.

Therefore, I will need to request your agreement to an Extension of time (EOT) for the Decision Target Date. Until the details are received I cannot be sure of an appropriate date, but for the time being please can you agree to an EOT to 31.07.2026, which allows time for the reconsultation, providing the details are with me by the end of this month. Please provide your agreement to this new Target Date by return email.

Thank you.

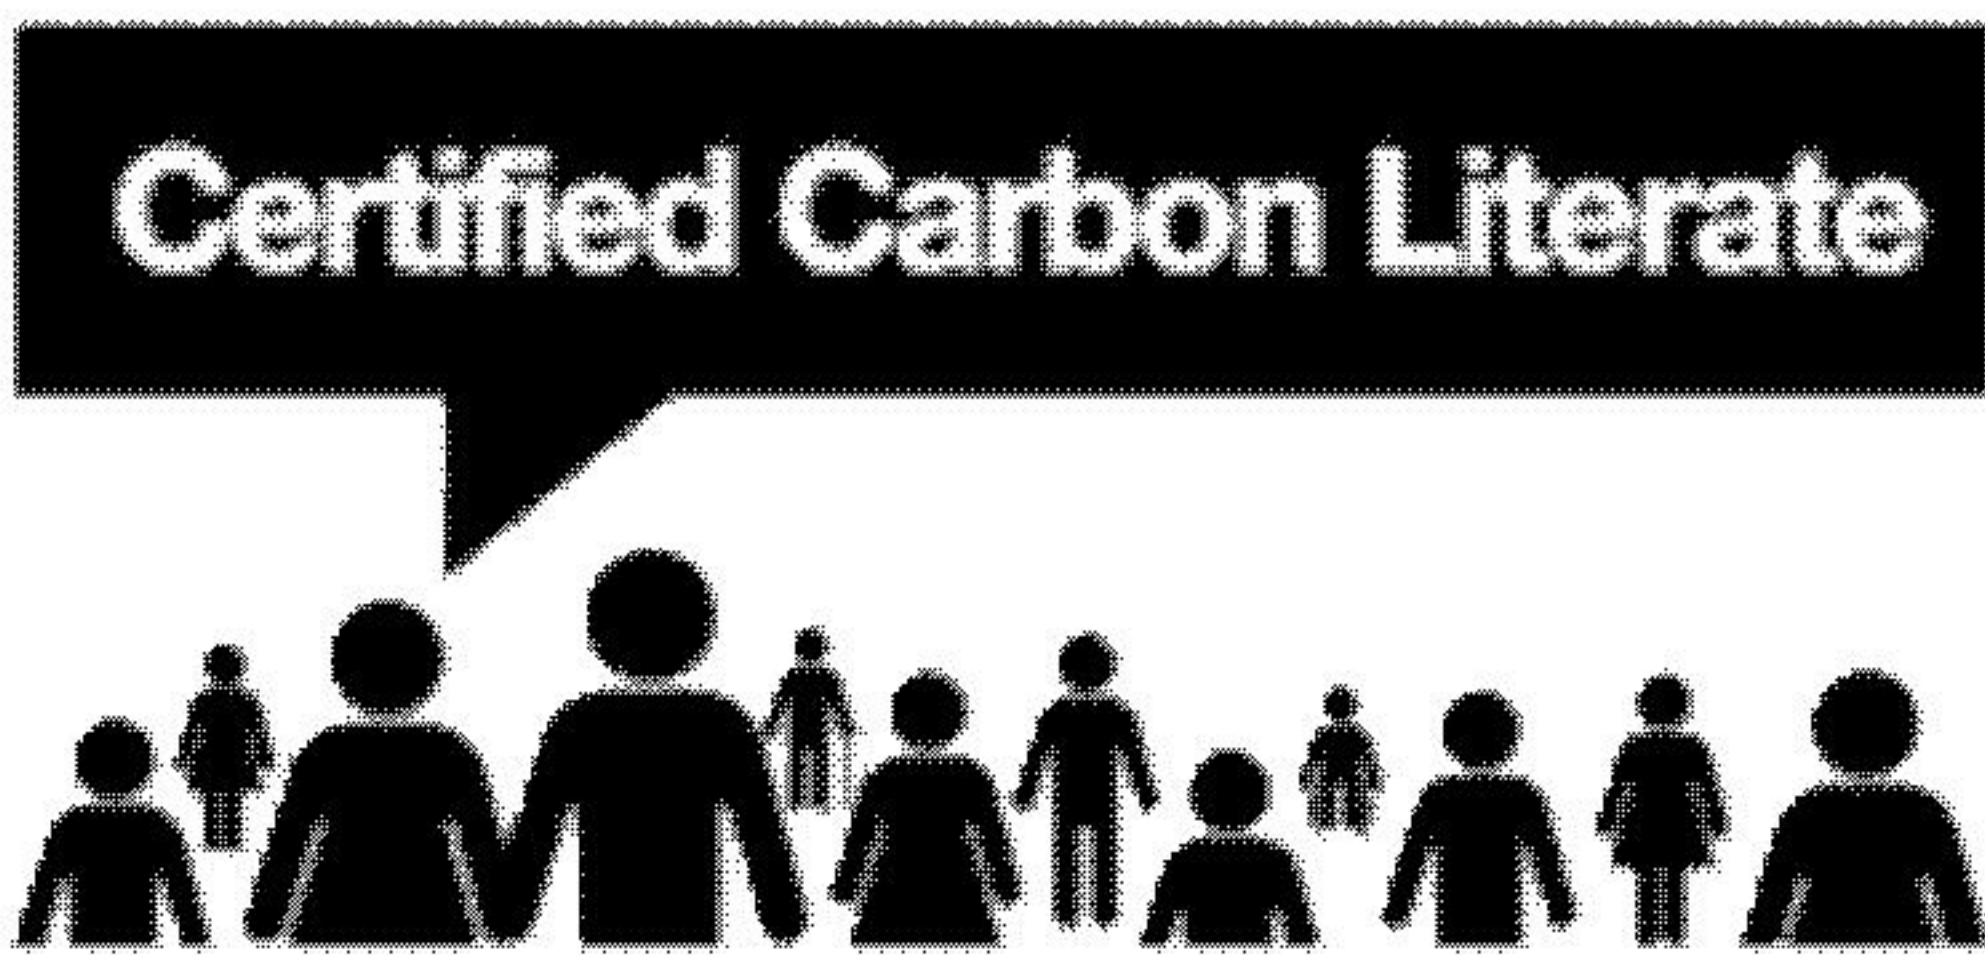

Regards

Anna
