Good morning Chris and Laura

Sorry, I am afraid that due to other workload issues, unfortunately my report will not be finalised in time for my Senior Officer to sign it off this morning.

I have left you an answerphone message this morning to explain the situation, and thank you for speaking to me, Laura.

I am therefore requesting a short Extension of time for this matter to next Monday 30th March 2026.

I can confirm that I am minded to recommend the amended scheme for the wooden framed windows, doors and rooflights for approval.

I have received confirmation this week from the Conservation Officer that the additional submitted details can be approved. Therefore, a pre commencement condition will not be required for the submission of any other details ahead of the work commencing, once the formal decision is issued.

I look forward to hearing from you.

Regards

Anna
