Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	South East water is already struggling to provide water to Haywards Heath, with the last hose pipe ban spanning from July 2026 - December 2026. Adding additional homes will further add to the demand on water to which cannot be supplied.

The addition for more homes at the plot will spoil the scenery in an area that is already an AOB.

The addition of the larger round about and additional traffic from the houses will cause even more traffic at a round about that already has heavy traffic and issues at peak times.

Kind regards
