Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to the signage and proposed opening hours. The bright yellow signage is intrusive and detracts from the aesthetic of the high street. The vape and energy drinks advertised makes it an unattractive facade in such a prominent location in on in the high street. As a parent of two school age children I find this even more inappropriate. I also object to the proposed opening hours. There is no need to have a shop selling these products open this late and all it will do
-----------	--

is encourage loitering and antisocial behaviour as people
congregate around it until very late at night.

Kind regards
