For works to trees covered by TPO

Please provide
a reason why
you wish to
perform these
works

Beech- we have a few long lateral bracnhes with have a lot of weight, that over hang the road and neighbours parking, we would like to lightly reduce this beech tree to prvent limbs failing and to imporve the shape

Yew tree- we would like a little more light to the grass bellow the yew tree, so a light prune will help the grass and the flower beds

Lime tree- The lime tree sits right in the middle of two houses every year its getting bigger and bigger, our neighbours have showed us all the root damge the tree has started to do to their property, the side path has complelty lifted up around the foundations of the house, Initally we wanted the lime tree cut down to crown break to then have it pollarded

every 2/3 years, however the neighbours are really pushing for it to come out completly, as much as we love the tree its becoming a real worry for us and dosent bare thinking about if it blew over,

Condition of the trees(s) Yes

Advice /Diagnostics

Alleged damage to property Yes

Report /Evidence

Are you providing separate information? No

Please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application.
