

7th Feb 2025

Attn: Joseph Swift BA (Hons) MPLAN, Senior Planning Officer

Project: Lower Ricks RH17 6HS

Dear Joseph,

The presented drawings show several amendments to the existing planning permission. Please refer to the revised drawings attached and the summary of changes below:

Side extension

Change from charred timber to matching brick work.

Rear extension

Change from charred timber to matching brick work.

Adjustment of geometry without increasing massing, floor area or openings.

Sky lights

Several roof lights were omitted, others adjusted in their location and size.

We have one additional roof light.

Windows

Glazing reduction on the first floor of the west elevation.

Increase of one window size on the south elevation.

One window omitted on the east elevation.

ASHP

This will now be located close to the existing swimming pool building instead of the roof.

Please do not hesitate to contact me if you need more information or have any questions.

Kind regards,
Alex
